GLIDE is a cooperative project with ten partner organisations from Finland, Latvia, the Netherlands, Austria, Slovakia, the Czech Republic, Ukraine and Germany and stands for „Grassroots Links for Inclusion, Diversity & Engagement through Sport“. - Organize the cooperation among project partners
- Communicate continuously with project members and manage regular project meetings (monthly online plus three in-person transnational meetings)
- Prepare media and coordinate the dissemination of the project on various channels
- Track work progress (esp. compliance with deadlines of various deliverables) and provide regular reports on the project status.

The project language is English. You should bring:

- Good self-organization, enjoyment of working with people, and motivational skills
- Interest in association development and strategic thinking. Ideally, experiences in project management
- The desire to advance the development of German and European Disc Golf as a "Sport for All"
- an availability to work 20 hours per week from January 2026 to June 2028.
